ADITYA NAIR

GAME DESIGNER · UI/UX DESIGNER

Maharashtra, India | +91 98205-14482 | aditya.gamedesigner0402@gmail.com

PROFILE

Game & UI/UX Designer with hands-on experience spanning game design, narrative development, and product design across studio, internship, and volunteer teams. Skilled in wireframing, prototyping, user research, and design systems, with a strong foundation in player-centric and story-driven design. Known for translating creative concepts into polished, testable experiences through close cross-functional collaboration.

CORE SKILLS

- UI/UX Design & Design Thinking
- Wireframing & Prototyping
- User Research & Usability Testing
- Game Design & Systems Design
- Narrative & Storytelling
- Player-Centric Design
- Documentation & Reporting
- Cross-Functional Collaboration
- Graphic Design
- Video Editing
- Problem-Solving
- Attention to Detail
- Time Management

SOFTWARE

Unreal Engine · Unity

EDUCATION

B.A., Game Art & Design
SeamEdu School of ProExpressionism
Pune, India · 2020 – 2023

LANGUAGES

English · Hindi
Marathi · Malayalam

WORK EXPERIENCE

UI/UX Designer — Internship *Feb 2026 – Apr 2026*

Quitebox Tech Labs Private Limited

- Designed user flows, wireframes, and high-fidelity prototypes for mobile and web applications, translating research insights into intuitive, user-centered interfaces.
- Conducted user research and usability testing to validate design decisions and guide iterative improvements.
- Partnered with developers to ensure accurate, pixel-perfect implementation of design specifications.
- Built and maintained a consistent design system and UI component library to support scalable product design.

Game Designer — Volunteer *Sep 2025 – Mar 2026*

Quiet Collective Studios

- Designed a complete original game concept end-to-end, including core systems, narrative structure, and character arcs.
- Wrote narrative scripts and developed characters with distinct backstories to deepen player engagement.
- Conducted competitive analysis to define the game's unique selling proposition and inform design strategy.

Junior Game Designer *Jun 2025 – Aug 2025*

Games2Win

- Analyzed monetization models and ad revenue strategies to inform design decisions balancing player experience and business goals.
- Maintained production tracking sheets in Google Sheets, keeping cross-functional teams aligned on milestones.
- Built and standardized feature documentation (CBCs), replicating existing formats for consistency across the team.
- Playtested builds to identify bugs and usability issues, logging clear, reproducible steps for the development team.
- Reported usability issues and re-tested fixes alongside developers to ensure efficient resolution.

Game Designer *Feb 2024 – Jun 2025*

Dkush Innovatech

- Conceptualized original game ideas, mechanics, and design pillars to guide product direction.
- Authored Game Design Documents and supporting spreadsheets to align development and design teams.
- Collaborated with development and design teams to prototype and iterate on gameplay concepts.
- Led internal playtesting sessions, identifying and reporting balance and UI/UX issues to inform revisions.

Intern — Environment Artist *Mar 2023 – Jul 2023*

The Subculture Studio

- Created and recreated environment scenes in Unreal Engine, implementing real-time lighting setups to enhance visual fidelity.
- Supported 3D modeling tasks as needed, contributing to asset production pipelines.

- Collaborated on team projects using GitHub in a version-controlled development environment.

Intern — Narrative Writer *Apr 2022 – Jun 2022*

Fanclash11 Fantasy Pvt Ltd

- Contributed to character backstories, game narrative, and overall story design.
- Gained hands-on exposure to Windows development pipelines and production workflows.
- Collaborated with game designers, level designers, and cross-functional team members to align narrative with gameplay.

GAME JAMS

- Global Game Jam (2025, 1 Day) — Game Design, Concept, UI
- BYOG Game Jam (2024, 1 Day) — Game Design, Level Design, UI
- WTF × IGDC Game Jam (2024, 2 Days) — Game Design & Concept
- SeamEdu Game Jam (2022, 1 Day) — Level Design in Unity
